

Certificate Of Compliance

This is to certify that the:

PACSystems RX3i 1.2GHz 64MB Rackless CPU Device Series *

Model Number: IC695CPE400
IC695CPL410

Firmware Version: 9.95 (Controller)

Hardware Version: ACAN

Category: Embedded Device

*All Level 2 Achilles tests were completed on the PACSystems Runtime image running on the real time operating system (RTOS). The Embedded Field Agent and general purpose Linux software images are excluded from this certification.

Manufactured by:

Intelligent Platforms, LLC

Is in compliance with the requirements set forth by:

Achilles Level II Certification

This certificate is restricted to the specified version of the referenced Device (including model number, hardware/firmware/software version, and control protocols) set forth in this Certificate. Any change to the Device might impair the Device's ability to pass the standards referenced in this Certificate. This Certificate is based upon limited testing, and is not a complete or comprehensive certification of the security of the Device. The Device may contain security vulnerabilities and deficiencies that are not covered by the standards referenced in this Certificate. This Certificate is subject to revocation by GE Digital. More information regarding this Certificate and the Achilles Communications Certification Standard is available at www.ge.com/digital and upon request from GE Digital.
